

## THE ORIGINAL, **FREE** AND EDUCATIONAL WEBINAR SERIES FOR MANUFACTURERS

Join us during the lunch break for expert-led webinars introducing key topics in manufacturing—your first step toward deeper learning with NHMEP.

25 mins of LIVE discourse from our industry expert, followed by 20 mins of Q&A. **Bring your questions!**

# Facility Layout and Optimization

## FREE WEBINAR

### Tuesday, April 14

### @ 12:00 – 12:45 pm

*Presenter:*

Matt Morrissette, President, LSS MBB  
More Effective Consulting, LLC

This webinar engages you to prioritize your space whether it's your manufacturing, warehousing or office space. Square footage is precious, and we'll introduce unique and fundamental methods to gain space, increase productivity, quality, flexibility, and future growth. Topics include: As-built design, Affinity moves, Creative Racking, Value Streams, 5S, Visual Manufacturing, Value Engineering for space and the 3 levels of Facility Layout Design. We will give NH facility layout examples and close with "Four ways you can get started".

**REGISTER**

### Meet the Industry Expert

**Matt Morrissette, LSS MBB** offers more than 25 years of experience as a Lean Master Black Belt, trainer, change agent and management consultant helping dozens of NH businesses and hundreds of manufacturing corporations including Shingo prize winning and Fortune 25 companies.

Matt's "Lean Thinking" pedigree stems from Freudenberg-NOK (6 time Lean Shingo Prize winner and mentioned over 6 times in the book, *Lean Thinking*) and Motorola (started & trademarked 6 Sigma).
